

Learn About Telehealth

Introduction to Telehealth

HLTH A294 (3 credits) - CRN 81211

This course is designed for students who have an interest in learning more about the role telehealth plays in our health care system.

Fall 2014

Online Delivery

Class Begins August 30th

This course will:

- Provide an overview of telehealth terms, concepts and technologies
- Identify key factors affecting implementation, adoption and use of telehealth
- Discuss regulatory and professional issues related to telehealth
- Review current and future trends for telehealth and its role in our health care system
